The Partner who earned 1M Dirhams

using Engati

1233% ROI on White Label Partnership

What if you could turn **75,000 dirhams** into **1 million dirhams**?

- Sounds interesting, right? Well, our partner did just that.
- He wanted to get into the booming chatbot business, but didn't want to invest the time or resources to build his own platform and miss the opportunity - smart man, after all, why build something you can buy?
- His next smart move was to choose a platform that's reliable. So, he came to
 us. He knew that Engati is tried, tested, and trusted across 186 countries.
- So, he invested in Engati White-label and got a powerful, reliable chatbot platform, branded under his name.
- It's clearly paid off for him, he now has clients like DP World, IKEA Italy, 360 Mall, Emaar Hospitality and Mall of the Emirates. He effectively turned his **75,000 dirham investment** into **1 million dirhams.**

Hear it from our Partners

India

he Engati WhatsApp chatbot has provided excellent service. In terms of their methods and procedures, the Engati team is really professional. They provide quality services as well as being helpful and encouraging on a daily basis.

Mozambique

Engati's omnichannel service was a lifesaver for us as we struggled to maintain multiple channels. We now offer our customers the option of simultaneously talking to users on Instagram, Facebook, and WhatsApp.

STALLIONS **Netherlands**

Engati has helped us improve our customer service process and made it efficient. We helped our customers to track the monthly active users, channels that they have used, making it easier for them to track the customer data more efficiently. The pricing is a bit on the higher end but with the solutioning, there's no need to purchase any other tool for engagement & retention.

OnBot

Singapore

Engati is undoubtedly one of the best chatbot builders. We were able to provide better customer service by allowing our clients to add the bot to multiple channels and even use live chat when needed.
